

MD SADDAM

Experienced Web Developer with a passion for creating attractive, interactive websites that meet client needs and exceed expectations. Skilled in developing custom solutions with expertise in React.js, Tailwind CSS, and Node.js.

EXPERIENCE

Zaiba Info Tech, Agra India Web Developer

12/2024 to 04/2025

Zaiba Infotech is a relatively new company, established in February 2019, but it has already built a strong reputation for delivering high-quality services to its customers. During my internship, I worked on a project name Study-Notion, where I used React.js for the front end and Node.js for the back end.

EDUCATION

Bachelor of Engineering- Computer Science

Anna University

Gnanamani College of Technology

NH-7 A.K Samuthiram, Namakkal Dist., Tamil Nadu.

PROJECTS

Uber Clone – Ride Booking App (Full Stack)

04/2023 to 05/2023

Uber Clone is a full-stack ride-hailing application that enables users to book rides and captains to offer driving services. Built with **React (Vite)** on the frontend and **Node.js/Express** on the backend, the app delivers a fast, scalable, and responsive user experience.

STUDY NOTION

12-2024 - 04-2025

Study Notion is an ed-tech web application built with React.js. It uses MongoDB as the database and Tailwind CSS for styling. On this platform, users can buy and sell tutorials.

CPU Scheduling web

06/2023 to 07/2023

A C++ based project where we can calculate any algorithm burst time, TAT.
